Procura+ Seminar 2010

ICLEI and the City of Helsinki invite you...

to take part in a face-to-face exchange with peers and experts on how sustainable procurement can be used to foster eco-innovation in construction projects, and engage more with small and medium sized enterprises (SMEs) and suppliers.

This year's programme will focus on:

- Construction – how can sustainable procurement be used to find new, innovative solutions for public construction projects
- SMEs - how public authorities can make contracts more accessible
- Supplier engagement – how to get suppliers on board through strategic dialoguing

Language

English will be the official language of the seminar

ICLEI European Secretariat | Leopoldring 3 | 79098 Freiburg, Germany
Tel: +49-761/36892-20 | Fax: -29 | procurement@iclei.org

The Procura+ series of seminars, formerly known as the “Buy it Green”-Network (BIG-Net) seminars, provide an opportunity for face-to-face exchange amongst purchasers from all levels of government, suppliers and manufacturers, sustainability experts and multipliers on specific topics related to sustainable procurement.
